

### Program overview

This unique activity takes participants through an enlightening journey of their team’s composition, relationships, history and achievements.

This empowering experience enables teams to:

- Engage in authentic conversations
- Improve understanding of team strengths and potential
- Understand how the team works together to achieve success
- Assist business planning and assist with strategic decisions
- Encourage an innovative work environment

### Outcomes

- Improved team engagement
- Improved relationships between team members
- Instant cultural immersion and team cultural snapshot
- Increased knowledge and shared understanding of team dynamics and behaviours
- Springboard to define purpose and vision
- Opportunity to gain clarity on role definition, KPI’s and team expectations of their leader
- Review team’s current reality and use these insights for team members to be empowered to make informed decisions about how to achieve future success
- Understand how the movements of talent into and out of teams impact on business success

### CHAT

CHAT extracts team history through questioning and stories. Teams enjoy accelerated alignment, shared purpose, engagement and the ability to plan strategically.

The Channel Development Team of highly skilled facilitators enable this outstanding exercise.

“None of us is as smart as all of us” Ken Blanchard

	<b>Length</b> 1/2 day workshop	<b>Group size</b> 5 - 50+	<b>Room</b> 2 x 4 metre walls
